MID AMERICA TIME TRIAL SERIES

It was a calm day, very, very early in the morning. At the start line it was just a breeze swirling. But as you rode south past the tree lined route 75 along Bong Recreation Area and into the open ranch/farm area of Brighton, WI the wind made its presence known. The battle against the wind as you rode west was not so bad but after the second turn heading north up that long incline, well I hoped the last leg east on the very smooth route 142 to the finish line would be much easier. East to the finish line at 30+ mph, was I happy, cranking the pedals at a 90rpm the 56x11 was not enough, perhaps I need to learn to spin faster. From a distance the finish line (3 orange cones and an orange flag on each side of road, plus the ABR banner) was easy to see, so I put every last bit of energy into the pedals to almost break a personal record.

Every 30 seconds to 2 minutes the corner guards waved their flags directing the racers through the turns in the blazing sun and 20 mph winds. Sometimes you could hear them yelling "where are you going, turn around, come back here", as a rider deep in concentration misses the turn. "...Well, I saw the cones, the arrow signs and the guy pointing with the orange flag but for some reason I thought I should go straight".

"That recumbent scared me, I heard something coming up fast from behind, when I looked back I thought it was a big black dog. Not until it past by did I realized it was a very low recumbent, it was only a couple feet high. He easily was going 5 miles an hour faster." He finished about one minute slower then rockets Reid and Bryce.

Handle Bar winner William Wachholz, ABD, West Chicago, IL

Thanks for the additional prizes:

Tyger's Recumbent Cycles, 510 W. Main, Dakota, IL 815-449-2203

26:51.89 Alan Arial, low boy recumbent
